Narayana Junior College

Senior Secondary (Intermediate), Percentage: 70.9%

2020 – 2022

Visakhapatnam, India

V.T. High School

SSC (Board of Secondary Education), Percentage: 97.6%

2020

Visakhapatnam, India

SKILLS

Languages: C, Python, Java, SQL, PHP, JavaScript

Tools: Power BI, phpMyAdmin, MySQL, Git

Frameworks: Django

Web: HTML5, CSS, React JS

Languages: English, Telugu

CERTIFICATIONS

- Cloud Virtual Internship – Salesforce
- Introduction to Networks – Cisco Networking Academy

PROJECTS

CVE Tracker – Vulnerability Tracking System

- Built a Django-MySQL web app to track vulnerabilities in real-time using 5+ APIs (CVE, CISA KEV, ExploitDB). Features include Chart.js dashboards, role-based access, audit logging, and secure data sync with a relational database.

Quick Bites! (Web Development)

- Developed a canteen system for real-time menu updates, order customization, and payment. Built with HTML, CSS, JavaScript, PHP, and phpMyAdmin.

Property Tech (Web Development)

- Created a real estate portal for browsing listings, viewing media, and future development tracking using HTML, CSS, JS, PHP, and MySQL.

Weather App (React.js)

- Developed a responsive weather application in React.js, integrating the OpenWeatherMap API for real-time data.

INTERNSHIP

IIT Hyderabad

Intern – System Vulnerabilities Collation Tool

May 2025 – June 2025

Hyderabad, India

- Worked under Prof. M V Panduranga Rao, Dept. of CSE.
- Contributed to system vulnerability collection and analysis.

HOBBIES & INTERESTS

- Music, Cricket, Solving Math Problems
